## Career Objective

---

Motivated Computer Science student seeking to apply programming and problem-solving skills in real-world projects. Passionate about software development and eager to contribute to team success through hard work and dedication.

## Education

---

- **B.E. - Computer Science** | SLIET, Punjab | (Pursuing)
- **Diploma -Servicing & Maintenance of Medical Instrumentation** | SLIET | CGPA: 8.01
- **10th Grade** | School Name, City | 61.8%

## Projects

---

### Line Following Robot(Diploma Project)

The Line Following Robot is an autonomous robotic system designed to detect and follow a specific path marked on the ground, usually in the form of a black line on a white surface (or vice versa). This project integrates fundamental concepts from embedded systems, sensor integration, and control algorithms.

**Tech Used:** IR Sensors, Microcontroller Unit, Motor Driver Circuit, DC Motor

## Skills

---

- Java
- HTML/CSS
- JS/SQL
- Tools:-Vs code

## Languages

---

- English
- Hindi

## Experience / Internship

---

- Fresher
